GIN INSURANCE

The season for insuring gins is about here, and I am better equipped than ever to handle this class of business. My companies' rates are as reasonable as the hazard will admit and are as low as any reliable company.

I am also in position to insure country property—i.e. dwellings and country stores.

Nothing but Reliable and Strong Companies Represented

I am agent at Bryan for the
Oliver Typewriter, the only standard visible writing machine.

THE TEXAS WOMAN'S COLLEGE

OPENED YESTERDAY WITH PUBLIC
EXERCISES—SOME FINE AD-
DRESSES

An Enrollment of Forty Students—The
School has a Strong Hold on the
Community, and a wide Circle
of Supporters over the
State.

A large audience comfortably
filled the main auditorium of the
Baptist church yesterday morning
to witness the opening exercises of
the Texas Woman's College.

An organ voluntary by Mr.
Lillebridge was the first number
on the program.

The President of the college, Dr.
G. B. Butler, read the 12th chapter
of Romans, and made comments
drawing some useful lessons, ap-
propriate for the occasion.

Dr. I. F. Betts led in prayer.

Dr. J. D. West talked on Chris-
tian Education. His remarks were
rich in learning and forcible in the
enunciation of the principles of

Christian Education. He showed
the limitations of an education in
material science only, and pointed
out the need for education that
will not stop with the training of
the faculties—the animal part of

man's nature—but will enable us
to extract the good from the truth
learned and properly apply it.
"Christianity," said the speaker,
"wants to get rid of competition,
commercialism, overreaching," and
wants to substitute co-operation,
and the rule of brotherly love.
Even the science of economics ap-
proves this aspiration, and mate-
rial gain from a given amount of

labor would be vastly greater.
Do away with locks, and guards,
and checks, and bookkeepers, and
advertising, and the many cor-
ollaries of competitive production,
and the result is apparent. The
multiplication table is an instru-
ment, not an end—and it is an in-
strument which Christian educa-
tion will use to perform more ably
the offices of love.

Along this lofty plane of thought
the speaker pitched his address.

It was a deep study. He ended
with a fervent godspeed to the
work of this hour, in the launching
of this institution. He wished
great and glorious success to the
Texas Woman's College.

Prof. H. H. Harrington's name
was next on the program. In an-
nouncing his name, Dr. Butler
pronounced a glowing tribute to
the esteem in which the new presi-
dent of the A. and M. College is
held. Prof. Harrington could not
be present on account of press of
duties.

Prof. R. O. Allen made a strong
talk upon the subject of the Texas
Woman's College and its prospects.
This school will bless Bryan.—
Prof. Allen said, as surely as sun-
shine and showers will germinate
good seed.

F. M. Law responded with a short
address, being named as a repre-
sentative of the Business League,
and the business interests of Bryan.
He named two things as indispen-
sable to the success of this school—
purpose and loyalty. "The Texas
Woman's College is richly end-
owed with both," said Mr. Law.
It stands for the best; its teachers
and faculty are selected with that
in view. Loyalty he believed to
be strong in the breasts not only
of the teachers, the officers, but
also on the part of the citizenship
of Bryan. In such a friendly soil,
and with such a purpose, the
school cannot fail.

Dr. Butler was greatly encour-
aged by the spirit of the addressees,
the attendance, and the favorable
auspices under which the school is
launched, and so expressed him-
self in the closing remarks. The
meeting ended with a vocal solo by
Mrs. Lillebridge.

After the exercises, the school
work proper was begun at the
school rooms, by the assignments
to classes of the students.

The school opened with an en-
rollment of forty students, with
more to come during this week.

The faculty are Dr. G. B. Butler,
president; Miss Sarah Williford

late of Seguin, Texas, Miss Eliza-
beth B. Pulliam, late of George-
town, Ky., Mr. and Mrs. Lille-
bridge. Two more teachers will
probably be added very shortly.

The people of Bryan have long
talked of the peculiar advantages
the town offers for another girls'
school, but as long as they only
talked, nothing came of it. Action
has now been taken, and the school
is launched, under most promising
auspices. Its local support is
strong, and it has a wide circle of
friends throughout this section of
the state, which means much for
its future.

To its devoted president and
founder, and its earnest and able
faculty, the Eagle wishes god-
speed in their labors.

AUTHORITIES CONFIDENT.

Thought Not a Vestige of Fever Will
Remain Nov. 1.

New Orleans, Oct. 2.—While the
opening of October finds yellow fever
still existing at New Orleans it is now
so certainly being whipped out the au-
thorities are supremely confident that
with the passing of the month not a
vestige of sickness will remain. The
record for the week ending Saturday
was the best since August with a total
of 183 cases and twenty-three deaths,
against 261 cases and thirty-two
deaths the preceding week.

While some parishes have not agreed
to the complete lifting of quarantines
on Oct. 15, others have indicated a will-
ingness to do so, and if the ratio of
improvement is maintained here it is
expected by that time there will be
little restriction against communica-
tion.

In the country parishes increased
interest is being shown in the fight
here in view of the possibility of Presi-
dent Roosevelt's visit to New Orleans.
There are people throughout the state
who are anxious to come here and as-
sist in giving the president a typical
Louisiana welcome, and if by the 20th
conditions reach the point where there
are only sporadic cases it is not im-
probable there will be a modification
of quarantines to the extent of letting
those who like to participate in the re-
ception come to the city.

The success of the fight against the
fever above Canal street is shown in
the report for the last week, disclosing
only a handful of cases and no deaths.

In the down town section of the city
outside the nest discovered in Mount
Carmel asylum there were only ten
cases found Sunday.

Conditions in the state show general
improvement. The Patterson situation
is improving and similar report comes
from every other part of the state.
Except at Kenner, which is just beyond
the limits of New Orleans, there is not a
single death in the country districts
of Louisiana.

Public schools opened here Monday
with a large enrollment of pupils, sev-
eral hundred children having returned
to New Orleans from the surrounding
country on account of the school term.

Dr. Rudolf, who handled the situa-
tion at Patterson for several weeks,
has gone with a nurse to Rosetta,
Miss., where the fever has appeared.
He was sent by the Louisiana board on
appeal from Mississippi authorities.

In order to avoid complications over
quarantine regulations in various
states the president has decided to
make New Orleans the final stop of
his trip. He will be at New Orleans
on the 26th. After the ceremonies at
that city he will go aboard a cruiser
of the Cleveland type. He will make
the journey from New Orleans to
Washington by water. He will visit
Little Rock.

Four new yellow fever cases and two
deaths in the yellow fever report up to
noon Monday.

Showers and maw weather prevailed
Monday. There is an appreciable in-
crease in people on streets in business
districts.

HAYNES RELEASED.

Not Believed to Have Been Implic-
ated in Winthrop Mystery.

Boston, Oct. 2.—William A. Haynes,
who was arrested Sunday as a "suspi-
cious person" in connection with the
Winthrop mystery, involving the death
and dismemberment of a young man,
was released by the authorities after
an examination. Samuel A. Wingfield,
who was held as a witness, was also
discharged. The police reached the
conclusion that the testimony of
Wingfield, on the strength of which
Haynes was detained, was unreliable,
and that there is absolutely no evi-
dence to connect Haynes with the mys-
tery.

BRIEFLY MENTIONED.

Six murder cases are to be tried at
Ardmore.

There are 10,000 Knights Templars
in Mexico.

Tulsa, I. T., will soon have an elec-
tric street car line.

Samuel Bluestein, ninety-two years
old, died at Orange, Tex.

Conductor O'Shea fell between cars
at El Paso and was killed.

Terry's Texas rangers will have a
reunion at Austin Nov. 14-15.

HONESTY

Honesty in prescriptions is our watch-word.
However much we may know about medicines, we
never put our knowledge against that of your doc-
tor. We can conceive of nothing more dishonest
than the substitution of something else for that
which your doctor has asked for. You can bring
your prescription to us knowing that you will get
just what your doctor has ordered. And that too
at a price that will please you.

ADDITIONAL LOCAL

Regular meeting of the K. of P. Lodge tonight. W. B. Saunders, Chancellor Commander.

At a meeting of the fair directors last night the Catholic ladies were awarded the lunch and cold drinks privilege for \$100.

Mr. and Mrs. L. B. Mendola were called to Galveston Sunday to attend the funeral of Mr. A. V. Burkmeier, who was injured in a railroad accident at Virginia Point Saturday and died Sunday afternoon. Mr. Burkmeier was a fireman in the employ of the Southern Pacific, and resided in Houston. He was well known here, and some years ago married Miss Louise Mendola of this city. Mr. Burkmeier was knocked from the engine by a quarantine flag pole and suffered a fracture of the skull. He was twenty-eight years old.

The Fifth Sunday meeting of the Bryan Baptist Association held Sunday with the Tryon Baptist church near Kurten was a notable event and four or five hundred people were present. Dr. George B. Butler preached the missionary sermon at the morning service, and five hundred dollars was raised during the day for the Texas Woman's College. A magnificent dinner was served on the grounds. The meeting embraced three days—Saturday, Sunday and Monday, and on yesterday the subscriptions to the Texas Woman's College were increased to over six hundred dollars. The next meeting of the association will be held with Edge church.

Formal Decree Issued.

St. Petersburg, Oct. 2.—An imperial decree has been issued formally announcing the bestowal on M. Witte of the rank of count. It adds the distinction was given in recognition of his services to the throne and the fatherland and the admirable manner in which he discharged the task of the highest importance and as a mark of special favor of the emperor.

G. W. Paget, a New Yorker, will erect a textile mill at Muskogee.

Fort Pitt foundry, at Pittsburg, Pa., was fire damaged nearly \$200,000.

Fourteen miles from Nashville, Tenn., a locomotive turned over, badly injuring Engineer McGarth.

John T. Baker, a young man, and Stephen Harrison, five years old, were killed by Memphis street cars.

In a friendly bout at Memphis Frank Johnson died from a blow over the heart inflicted by James Rand.

Herbert McCartney, separated from his wife at St. Louis, gave his little boy a fatal dose of poison and succumbed.

Three miles south of Chico, Tex., Mrs. William Fisher has given birth to triplets—two boys and a girl. All died.

A negro named Tobe Buckner was jailed at Hemphill, Tex., charged with criminal assault on Mrs. Huffin, white.

In a fight at New York three Italians were seriously hurt and a policeman and two detectives knocked down and beaten.

The Little Details

TEN yards of cloth and a mile of thread isn't the whole story of a good suit—not by several thousand stitches.

It takes tailoring brains, in plenty and mighty clever craftsmanship to make clothes in the right way—the SCHLOSS way.

Further than this, the looks and life of the suit depend more on the **little** details than you could imagine. For instance, simply the placing of the buttons and the shape of the lapel have everything to do with the final appearance of a coat, while such a trifle as the proper moulding of a curve makes all the difference between a beautiful garment and a mealsack.

If you could take an X-Ray glance at the interior of a Schloss coat you'd find the same careful attention to details as you see outside. Linings, stays and paddings—the framework of the structure—are made to wear, not merely to sell.

The result of all this care is a finished garment that looks and **is** extraordinarily good. It fits that way too, and wears that way as a matter of course. An occasional pressing makes it keep that "new look" indefinitely.

We handle the Schloss line because we know there's none better and never found any as good. We have all the new styles and shapes, of course, in the most desirable colors and patterns.

Some of our Suits and Top Coats \$12; others \$15 and \$20.

Come and look at them.

INSIDE INFORMATION.

Eagle Readers Chance for Profit—Every one Ought to Grasp this Opportunity.

To have even a simple case of indigestion is to have "inside information" of suffering that warns of serious trouble in the future, unless the digestive system is strengthened.

If you cannot eat and digest three good, square and satisfying meals each day without discomfort, your stomach needs Mi-o-na tablets. They are not a mere temporary relief, but are composed of valuable medicinal agents which strengthen the digestive organs, and cure and prevent stomach troubles.

When there are pains or distress after eating, head aches, belching of gases, a sour taste in the mouth, dizziness, heart burn, specks before the eyes, furred tongue, sleeplessness, nervousness or back ache, the stomach needs the help of Mi-o-na.

Every reader of the Eagle should grasp the opportunity offered by E. J. Jenkins to try Mi-o-na at his risk. Just one little tablet out of a 50 cent box of this remedy before each meal for a few days, and you will soon have a strong stomach and perfect health.

Ask E. J. Jenkins to show you the guarantee under which he sells Mi-o-na. This valuable remedy costs you nothing unless it restores health.

ASH POND HUNTING CLUB.

The above club has leased Ash Pond for the season and anyone trespassing on same will be prosecuted.

CONFESSES HIS CRIME HOME OF HIS MOTHER

Young New York Clerk States He Forged the Check

AND GOT SECURITIES

Henry Ambrose in a Statement He Signed Gives a Detailed Account of His Methods of Operations Were Conducted.

New York, Oct. 3.—Locked up at police headquarters is a young man named Henry Ambrose. He was employed as messenger by Halle & Stieglitz, brokers, 30 Broad street. He is twenty-four years old. He was arrested Sunday just as he left his residence, in West One Hundred and Thirty-sixth street, on his way to church. The young man was arrested on the charge of having by means of a forged check obtained from the National City bank securities valued at \$359,080. Four hours later Ambrose broke down and in a flood of tears told the complete story of his crime. Captain McCauley of the detective bureau has in his possession more than half of the stolen securities. The remainder have been located. The young man has been regarded by his employers and by his friends as a model of propriety and honesty. His position was one of responsibility and trust. His engagement to a young woman, well known in society of this city, was recently announced and he was soon to have been married.

According to the confession he signed the crime was all his own from the conception to its execution. He had made arrangements to dispose of the stocks and bonds which he had stolen, but at the time of his arrest, not one of them had been hypothecated by him. After he had completed and signed his confession he said that until the moment of his arrest, he did not deem it possible that he could be detected. The ambitions of the young man have been great. They led him to devote the greater part of his time, not given to his business, to the study of law, and he would, in a short time, have graduated from the Columbia Law school. He told Captain McCauley yesterday that his crime first found termination in his mind when he began to study how to make it impossible for just such a theft to be committed. He was present when Pearl & Co. hypothesized the securities upon which they obtained a loan of \$300,000. He knew that the loan was at the rate of interest of four and one-half per cent. Right then he determined to take advantage of his knowledge of the banking routine and obtain possession of the stock shares and the bonds which had been used as collateral.

The president will deliver an address.

SIX GIRLS SICK.

That Many Inmates of an Asylum Stricken With Yellow Fever.

New Orleans, Oct. 2.—Following is yellow fever report up to 6 o'clock Sunday afternoon: New cases, 23; deaths, 8; new fact, 4. The Sunday report would have been the lowest one on record but for the report of a nest of infection in another convent and asylum, the attending physician reporting six cases among the girls in the Mount Carmel Institute asylum, on Piley street. Among the deaths is Sister Mary Edith of the Convent of Perpetual Adoration, on Marias street. She was only eighteen years of age and had but recently taken her vows. She was Miss Petronille Nigel.

Dr. Souchon's circular letter to the parish health officers suggest that they fix on Oct. 15 as the date for raising the parish quarantines against the city, has produced results already, the board of health at Lafayette writing that that town agreed. It is not at all unlikely that by the time the president arrives, quarantines in Louisiana will be only an unpleasant memory.

News from the country was meager. The following reports were received: Kenner, one new case, two deaths. Mandeville, one new case.

Tallulah and vicinity, thirteen new cases.

Mississippi Summary.

Jackson, Oct. 2.—Following is yellow fever summary in this state up to 6 o'clock Sunday afternoon: Vicksburg, five new cases; Natchez, five; Scranton, eight; Mississippi City, six; Handsboro, one; Gulfport, one new case, one death; Hamburg, two new cases, one death; Rosetta, two new cases, three suspicious ones.

At Pensacola.

Pensacola, Fla., Oct. 2.—Five new yellow fever cases developed here Sunday.

FRANKLIN'S FIX.

Salvation Army Man Is Accused of Having Two Wives Too Many.

Birmingham Ala., Oct. 2.—J. Walter Franklin was arrested here Saturday night by detectives while taking part in the services of the Salvation Army, on the charge of bigamy. Franklin is alleged to have three wives. His first marriage was in Newport, Ky., and the wife's name is Mrs. Cora Franklin.

About three years ago he came to this county and married a relative of Deputy Sheriff Reeves at Toadine. A short time ago he brought his second wife and child to Birmingham but soon sent them home to visit relatives.

Soon after their departure he is alleged to have married Miss Peachie Jones a pretty eighteen year old Salvation Army girl of this city. He was with the latter wife when the arrest was made, and she was leading a prayer service when the officers appeared.

KILLS SEVEN CHILDREN.

Insane Mother Slays Little Ones With Ax and Takes Own Life.

Rock Island, Ill., Oct. 2.—At Cambridge, near this place, Mrs. Clarence Markham, while temporarily insane, killed her seven children with an ax. She then placed the bodies on a bed, saturated it with coal oil and set fire to it. The oldest child was nine years old and the youngest a baby.

Mrs. Markham then hacked her own throat with a knife and threw herself on the burning bed. Neighbors rescued her, but she was so badly burned that she died soon after making a confession.

Castro Returns to Caracas.

Caracas, Oct. 2.—President Castro returned to the capital from Los Teques.
